EXPERIENCE

Ee-Jay has been involved in ex-rail movements of bulk commodities since 1953. We also have a history of servicing the packaged goods industry with Van Trailers.

Today thousands of truckloads originate at Ee-Jay annually. Commodities are transloaded from Rail to Truck and delivered throughout Canada and all 48 contiguous states. In addition, our terminal management team has an average employment date of 1980 making them experienced industry leaders in the safe and proper handling of bulk commodities.
